About NC Fusion

The North Carolina Fusion management company was formed to bring Greensboro United Soccer Association, Twin City Youth Soccer Association and Twin City Sports together as a united collaborative organization offering sports programming to players at every age and level of competition.

As North Carolina Fusion, we will strive to provide a Triad wide community-based program that operates at an elevated level, full-service sports organization. By collaborating to align our philosophies, our focus will be on instilling a culture of development to improve our staff, players and programs.

The NC Fusion Twin City Sports Guide is distributed to every family with a player in one of our recreational or competitive sports programs including soccer, lacrosse, field hockey, basketball, dodgeball, kickball and ultimate frisbee. For the 2018-2019 year, the Twin City Sports Association membership will be over 3,500 players in the club. In addition, the Twin City Sports Guide will be distributed at the numerous events throughout the year that will draw as many as 300,000 visitors to BB&T Sports Park and generate several million dollars in revenue for area businesses.

Proceeds raised through the sale of advertising space in the NC Fusion Twin City Sports Guide will be donated to the Twins Foundation and a portion of each ad sale will be credited towards the participation fees for the family that sells the ad. The Twins Foundation provides the opportunity for every player in our community to participate in sport regardless of their ability to pay.

For more information about our sports programs, please visit our website www.ncfusion.org

WE ARE THE TWINS FOUNDATION
The Twins Foundation is a program that has been established to serve as the outreach arm of the club. The foundation, established in 2014, focuses exclusively on offering support services to disadvantaged club families including financial assistance regardless of the economic situation.

WHAT WE DO
A Foundation established to serve as the core Outreach arm of the club, focusing exclusively on offering support services to families needing assistance. In accomplishing this mission, the Twins Foundation has the following key objectives:

• To provide access to Twin City Soccer programs through:
  • Financial assistance program
  • Work credit assistance program
  • Club and program education
  • Ensuring the Club has specific engagement and communication resources to support our Hispanic families
    • Bi-lingual staff member dedicated to assisting Hispanic families “Director of Hispanic Outreach”
    • Information in Spanish

• To empower families and players to take responsibility for their own experience in the program using the resources provided.

• To assist our club in reflecting the diversity which exists within our community.

• To ensure Foundation Funding: To continue to find opportunities to fund the Twins Foundation at a level that ensures that all players, regardless of financial situation, have the opportunity to participate in Twin City Soccer programming.

Please consider donating to this fantastic program by sending a donation to the Twins Foundation (428 Twins Way, Bermuda Run, NC 27006). All donations will receive a letter from TCYSA stating that a donation has been made to a 501c3 for tax purposes.
US Youth Soccer TOPSoccer (The Outreach Program for Soccer) is a community-based training and team placement program for young athletes with disabilities, organized by Twin City Sports volunteers. The program is designed to bring the opportunity of learning and playing soccer to any boy or girl, who has a mental or physical disability. Our goal is to enable the thousands of young athletes with disabilities to become valued and successful members of the US Youth Soccer family. How do I participate? Contact Twin City Sports office to find out more about getting involved with our US Youth Soccer TOPSoccer program.

**Why do we need a TOPSoccer Program?**
TOPSoccer was formed to perpetuate the US Youth Soccer mission statement which is, in part, “to foster the physical, mental and emotional growth and development of America’s youth through the sport of soccer at all levels of age and competition.” There are thousands of children with disabilities who need, and can be provided with, the opportunity to play soccer through the TOPSoccer program.
Nathan loved soccer and was a fierce competitor. On the field he was dedicated and hard-working. Off the field he had a smile and laugh that could make any day brighter. Nathan was truly blessed to play many years with Twins and Fusion. His memory lives on in the hearts of his teammates, coaches, friends, family and loving parents, Charlie and Valerie Clark.
